WELCOME TO YOUR HOME EMERGENCY COVER

Thank you for insuring your home with MORE TH>N. Your policy includes Home Emergency cover. So please take a few moments to read this policy booklet.

Our Home Emergency cover takes care of certain household situations that life can throw at you. Please read this booklet carefully as we do not cover everything which you might regard as an emergency. As a home owner, it is important that you regularly maintain your property, keeping it in good condition and in good repair. Home Emergency cover does not cover normal day to day household maintenance or repairs which need to be carried out periodically, such as descaling water pipes or curing leaking taps.

If an emergency occurs and you need urgent repairs, you have access to our extensive list of emergency repairers. They are available 24 hours a day to deal with emergency repairs which are covered by your Home Emergency cover. The number to call in the event of an emergency is on the back page of this booklet.

But first things first – we want to help you understand your Home Emergency cover. Legally we need to make sure you're aware that the information you've given us is the basis of your insurance contract with us. Your policy, including this booklet and your schedule are evidence of that contract, so please read them carefully to ensure that cover is exactly what you need, and keep them in a safe place.

To help you understand everything you need to know about the protection your policy offers and the extent of your cover, you'll see these headings appear on many pages:

WHAT IS COVERED

These sections give detailed information on the insurance cover provided. You need to read it with "What is not covered" at all times.

WHAT IS NOT COVERED

These sections will make it clear what is not covered under your policy.

This section 'Understanding and using your policy' does not form part of the legal contract between you and us. It includes information which will help you to understand and use your policy.

UNDERSTANDING AND USING YOUR POLICY

Insurance policies can be difficult to understand so we have tried to make this policy easy to read. Some words have a special meaning in your policy and these are listed and explained on page 5 'Words with special meanings'.

This booklet explains the cover we provide for Home Emergency cover, what is and what is not covered, how we settle claims and other important information for Home Emergency cover. It should be read in conjunction with your home insurance policy and schedule.

If you have any questions please contact us. The telephone numbers are shown at the back of this booklet.

You can ask for the Home Emergency cover to be cancelled at any time and receive a proportionate refund of premium as long as no claim has been made during the current insurance period.

The policy does not cover repairs and work necessary to maintain the home in a good condition.

WORDS WITH SPECIAL MEANINGS

The following words have a special meaning and apply to this policy. These words and meanings are in addition to or may replace those shown in your home insurance policy booklet. Wherever a word with a special meaning is used in this policy it will be printed in bold type.

HOW WE SETTLE CLAIMS

Home Emergency cover protects **you** against the costs of certain household situations, which **you** will find described in 'What is covered' in this booklet. It does not cover everything which **you** might regard as an emergency. It does not cover normal day to day household maintenance or repairs which need to be carried out periodically, such as descaling water pipes or curing leaking taps.

If a permanent repair is necessary, the authorised tradesman will carry it out provided the cost of the permanent repair is within the Home Emergency cover limit. This cover may not provide the cost of full repair or replacement.

An authorised tradesman is approved and instructed by **us** and is competent to provide domestic repair services appropriate to the situation. Payments will be made directly by **us** to **our** contractor.

We will not pay any callout charge if having asked for assistance **you** are not at **home** when the tradesman arrives at the time agreed.

We are not responsible for any inconvenience, loss or damage caused by delay in the provision of spare parts or components by manufacturers or suppliers; spare or replacement parts may not be from the original manufacturer.

If the claim is a result of an incident which is also covered under a specific section of **your** home insurance policy, **you** may be able to claim for any further repair costs under that section.

Please call **our** claims helpline on the number shown on the back of **your** home insurance policy booklet and **we** will be happy to check this for **you**.
